Rules for Award of B.Tech. Honors

Students who earn CGPA of 7.50 or more with no active backlogs, after completion of 2nd year of the B.Tech. Program, shall be eligible for applying for enrollment to the B.Tech.(Honors). Once their request is approved, these students shall be required to earn at-least 12 additional credits from among the School Core/ School Electives being offered for the M.Tech. Program of that School, over and above the requirement of minimum credits for award of the B.Tech. degree.

Further the student must achieve a CGPA of 7.50 or more at the completion of the Program to be eligible for award of B.Tech.(Honors) degree. In case the student is not able to secure a CGPA of at-least 7.50, he/she will be eligible for award of normal B.Tech. degree provided all other degree requirements have been met.

A student, who had earlier applied for pursuing the B.Tech. (Honors) degree after completion of 2ndYear, may choose to apply for withdrawing from the same at any point and may continue with the B.Tech. Program without Honors degree option. The additional credits earned till then for the courses from M.Tech. Level will continue to remain in the record of the student; however, they will not contribute towards the award of the B.Tech. degree Program. In case the student has a backlog in any of the M.Tech. Level courses in which he had registered earlier, then passing the paper will be mandatory requirement to be eligible for award of the B.Tech. degree provided all other degree requirements have been met.

12 additional credits required for award of Honors Degree, may be obtained by passing MOOCs based NPTEL/SWAYAM course(s) in addition to School Core/ School Electives being offered for the M.Tech. Program of that School. The additional courses from MOOC should not be the courses already studied. Academic Affairs Committee of each School, in every November & June, may check the availability of courses on SWAYAM/NPTEL website which may be allowed towards counting for credit required for award of Honors Degree and recommend the same for approval of the Competent Authority. The student needs to obtain the pass certificate (SWAYAM/NPTEL) for award of the credit. The credit equivalence of the Courses is as under:

Course Duration (SWAYAM/NPTEL)	Credit Equivalence
12 Weeks	3 Credits
8 Weeks	2 Credits
4 Weeks	1 Credit
