**Minutes of the Meeting of Board of Studies (BoS) of School of Energy Management (SoEM)**

1. The meeting of Board of Studies (BoS) of School of Energy Management (SoEM) was held on 29<sup>th</sup> October, 2021 through online mode.
2. The following attended the meeting.
  - i. Dr. Vineet V. Tyagi  
Head, School of Energy Management  
Chairman
  - ii. Prof. S.K. Samdarshi  
Professor, Centre for Energy Engineering,  
Central University of Jharkhand  
Member Expert
  - iii. Dr. Anant Prakash Shukla  
Additional General Manager, Energy Efficiency  
Services Ltd., Undertaking of Ministry of Power  
Member Expert
  - iv. Dr. Sanjeev Anand  
Assistant Professor, School of Energy Management  
Member Secretary

**Agenda Item No. 1 Considering revisions in eligibility criteria for admission to M. Tech. (Energy Systems) with inclusion of candidates having qualification as Masters in Environment Science apart from B. Tech. in Engineering /Technology and M. Sc. Physics.**

Board of Studies members had a detailed discussion regarding revision in eligibility criteria for admission to M. Tech. (Energy Systems) and recommends that candidates having qualification as Masters in Environment Sciences & Masters in Chemistry be included apart from B. Tech./B.E. in Engineering/Technology & M.Sc. Physics from the academic session 2022-23 onwards.

Further, External Members are of the opinion that M.Tech. (Energy Systems) program being interdisciplinary in nature is widely accepted for appointment as Assistant Professor in relevant branches of Engineering & Applied Sciences based on their respective undergraduate and postgraduate degrees in Engineering & Applied Sciences respectively. Accordingly due weightage should be given to candidates successfully completing the said course.

**Agenda Item No. 2 Introduction of open Elective Course on Heating, Ventilating and Air-Conditioning for B.Tech. (Mechanical Engineering) students with course code as EME 7036. The course is being proposed by Dr. Sanjeev Anand, Assistant Professor, SoEM. The detailed course structure is placed at Annexure-I**

Board of Studies members had detailed discussion regarding the course contents for the open elective course for B.Tech. (Mechanical Engineering) students. Dr. Anant Shukla one of the external members was of the opinion that the course contents should include the refrigeration aspects also which may primarily deal with the challenges of maintaining the cold chain for which there is huge scope.

Further, Dr. Anant Shukla & Prof. S.K. Samdarshi stressed that repetition of the course should not be there as the students might have studied a core course on Refrigeration & Air Conditioning. In view of the suggestions received, the course contents have been modified to make it application based so that students are given practical exposure.
